

## LOVE - DIL SE

Purify the heart with cup of love at Morn  
To embrace humanity in sincere Adorn

Only Love can ever transform  
To seek a new dawn of reform

Bonding in music, love or game  
As children to rejoice in every domain

Take all your values that permeate  
To blend in a theme for all initiates

In trust to live and free of fear  
Lord of love will soon appear

Free of hatred- enmity is the sure way  
Making this world worthy of stay

Mercy from God we all expect  
First learn to love all, in due respect

Search your hearts before you speak  
To avoid abuse, hurts, in humble meek

Practice first all that you lovingly preach  
Bliss to enshrine your sublime speech

Enough of violence, enough of war  
From the lord of our hearts we remain so far

Love without Dharma is sentiment  
Dharma blends in Love for a sane regiment

Our pilgrimage starts from the heart  
Finally ends in the divine heart - Dil Se

Seek and relentlessly search within  
God alone you will find in supreme rhythm ©
